SMART AND GREEN

The goal is to set the optimal balance between architectural and environmental aspects of the kiosk.

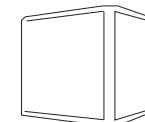

The CUBOX offers the perfect symbiosis of three great systems in one product:
an extraordinary kiosk,
an environmentally friendly solar power station and
a mobile pop-up store.

The CUBOX captivates with its outstanding design and functionality. With the high-quality equipment, many of the common uses such as **bar, food stall, info-point, pop-up store or music lounge** can be implemented.

THE REVOLUTION OF THE KIOSK

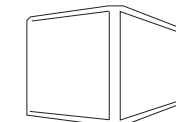

CUBOX offers 2 basic versions that can be combined and configured individually:

CUBOX_1C

Dimensions: 2,37 x 2,37 x 2,44m

Power output: 3.3 KWp

CUBOX_2C

Dimensions: 4,58 x 2,37 x 2,44m

Power output: 5.3 KWp

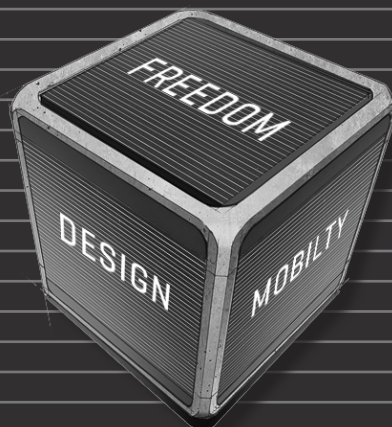

up to 10 h

FREEDOM.
FUNCTIONALITY.
DESIGN.
MOBILITY.
